## New Expansion Joint

Connolly Key Joint has recently designed a revolutionary new Expansion Joint product. The Expansion Joint is unique amongst other expansion joint products currently available. It can be used for forming expansion joints in continuous pour applications as well as at conventional end of pour situations.

The product gains its strength from a rigid steel backing profile with the expansion capability being provided by closed cell foam adhered to the face of the metal profile. This system provides a rigid and strong product that produces straight clean joint lines. The product is fixed in place with Connolly's renowned and patented peg and wedge fixing system. This makes installation fast and simple and provides accurate height adjustment.

Unlike key joints with foam applied to one side of the product, the Connolly expansion joint produces a full depth straight joint. A complimentary purpose built doweling system eliminates any keyways in the joint and provides positive load transfer across the finished joint.

### Expansion Joint benefits:

- Allows for continuous pours
- Rigid steel profile produces straighter joints
- A full depth straight joint is obtained
- Complimentary dowel system
- Quick & easy to set up
- Uses standard Connolly peg & wedge fixing

For more information on Connolly Expansion Joint or your nearest supplier please call Connolly direct on FREECALL 1800 335 215 or email [info@connollykeyjoint.com](mailto:info@connollykeyjoint.com). Visit the website to view the complete range of Connolly products [www.connollykeyjoint.com](http://www.connollykeyjoint.com).

## Community Partners

Connolly Key Joint has recently become a proud sponsor of the Casino Evans Head Surf Life Saving Club (CEHSLSC). Connolly sponsored the purchase of the newest surf boat for the club.

The sponsorship was seen as a way to be involved with the local community. The local community has been so supportive of the Connolly Key Joint business. Sponsoring the club was an opportunity to give something back to the community. CEHSLSC is a worthy and essential local association.

Paul and Allie Connolly, founders of the key joint business, are pictured with CEHSLSC's Richard Fulwood at the boat launch on 13<sup>th</sup> March 2004.

For those celebrating the Easter holidays or travelling during the holiday period we wish you all a safe and happy time.

Connolly Key Joint will be attending the Designbuild expo in Melbourne 20-23 June 2004. We would be delighted if you could visit us at the expo - **stand U36**

Please provide details below and **fax back to 02 6662 3263** for more information on any items of interest.
